

# EAST RAMAPO CENTRAL SCHOOL DISTRICT

## **BOND VOTE**

### **WHAT THE BOND MEANS?**

Under a new form of State Aid called EXCEL Aid, we would be able to make repairs and improvements to *every one* of our district school buildings!

New York State will fully reimburse East Ramapo for the **TOTAL** cost of these much-needed projects:

1. Replacement of windows, doors & flooring
2. Installation of safety & security systems, including internal & external security cameras
3. Elevators & accessible bathrooms for students with physical disabilities
4. Athletic Field improvements
5. Improvements to the heating, ventilation & air-conditioning systems, exterior walls, masonry and asbestos removal

This Bond vote would authorize the above projects and their financing. The total cost of these needed projects (\$14,325,000) will be fully reimbursed by New York State so there would be no net cost to East Ramapo.

**Please vote on this *very important* bond proposition**  
**Wednesday, December 13th**  
**From 7:00am–9:00pm**

### Voter Information
